Gotcha Jeans and Sportswear was founded by local businessman Leon Fix in 1991. The business is now owned and operated by son Michael Fix with a team of friendly staff. The store has always been in its Uptowne Olds location in the historically designated Kemp Block building on 50 Avenue.

This building features an original skylight which creates a truly unique shopping atmosphere. Close to banks and other retail businesses, this is a

convenient and attractive location with high traffic visibility to customers and clients.
